Tiangong Star Atlas AI Civic Living Room | Three streets, four prototypes

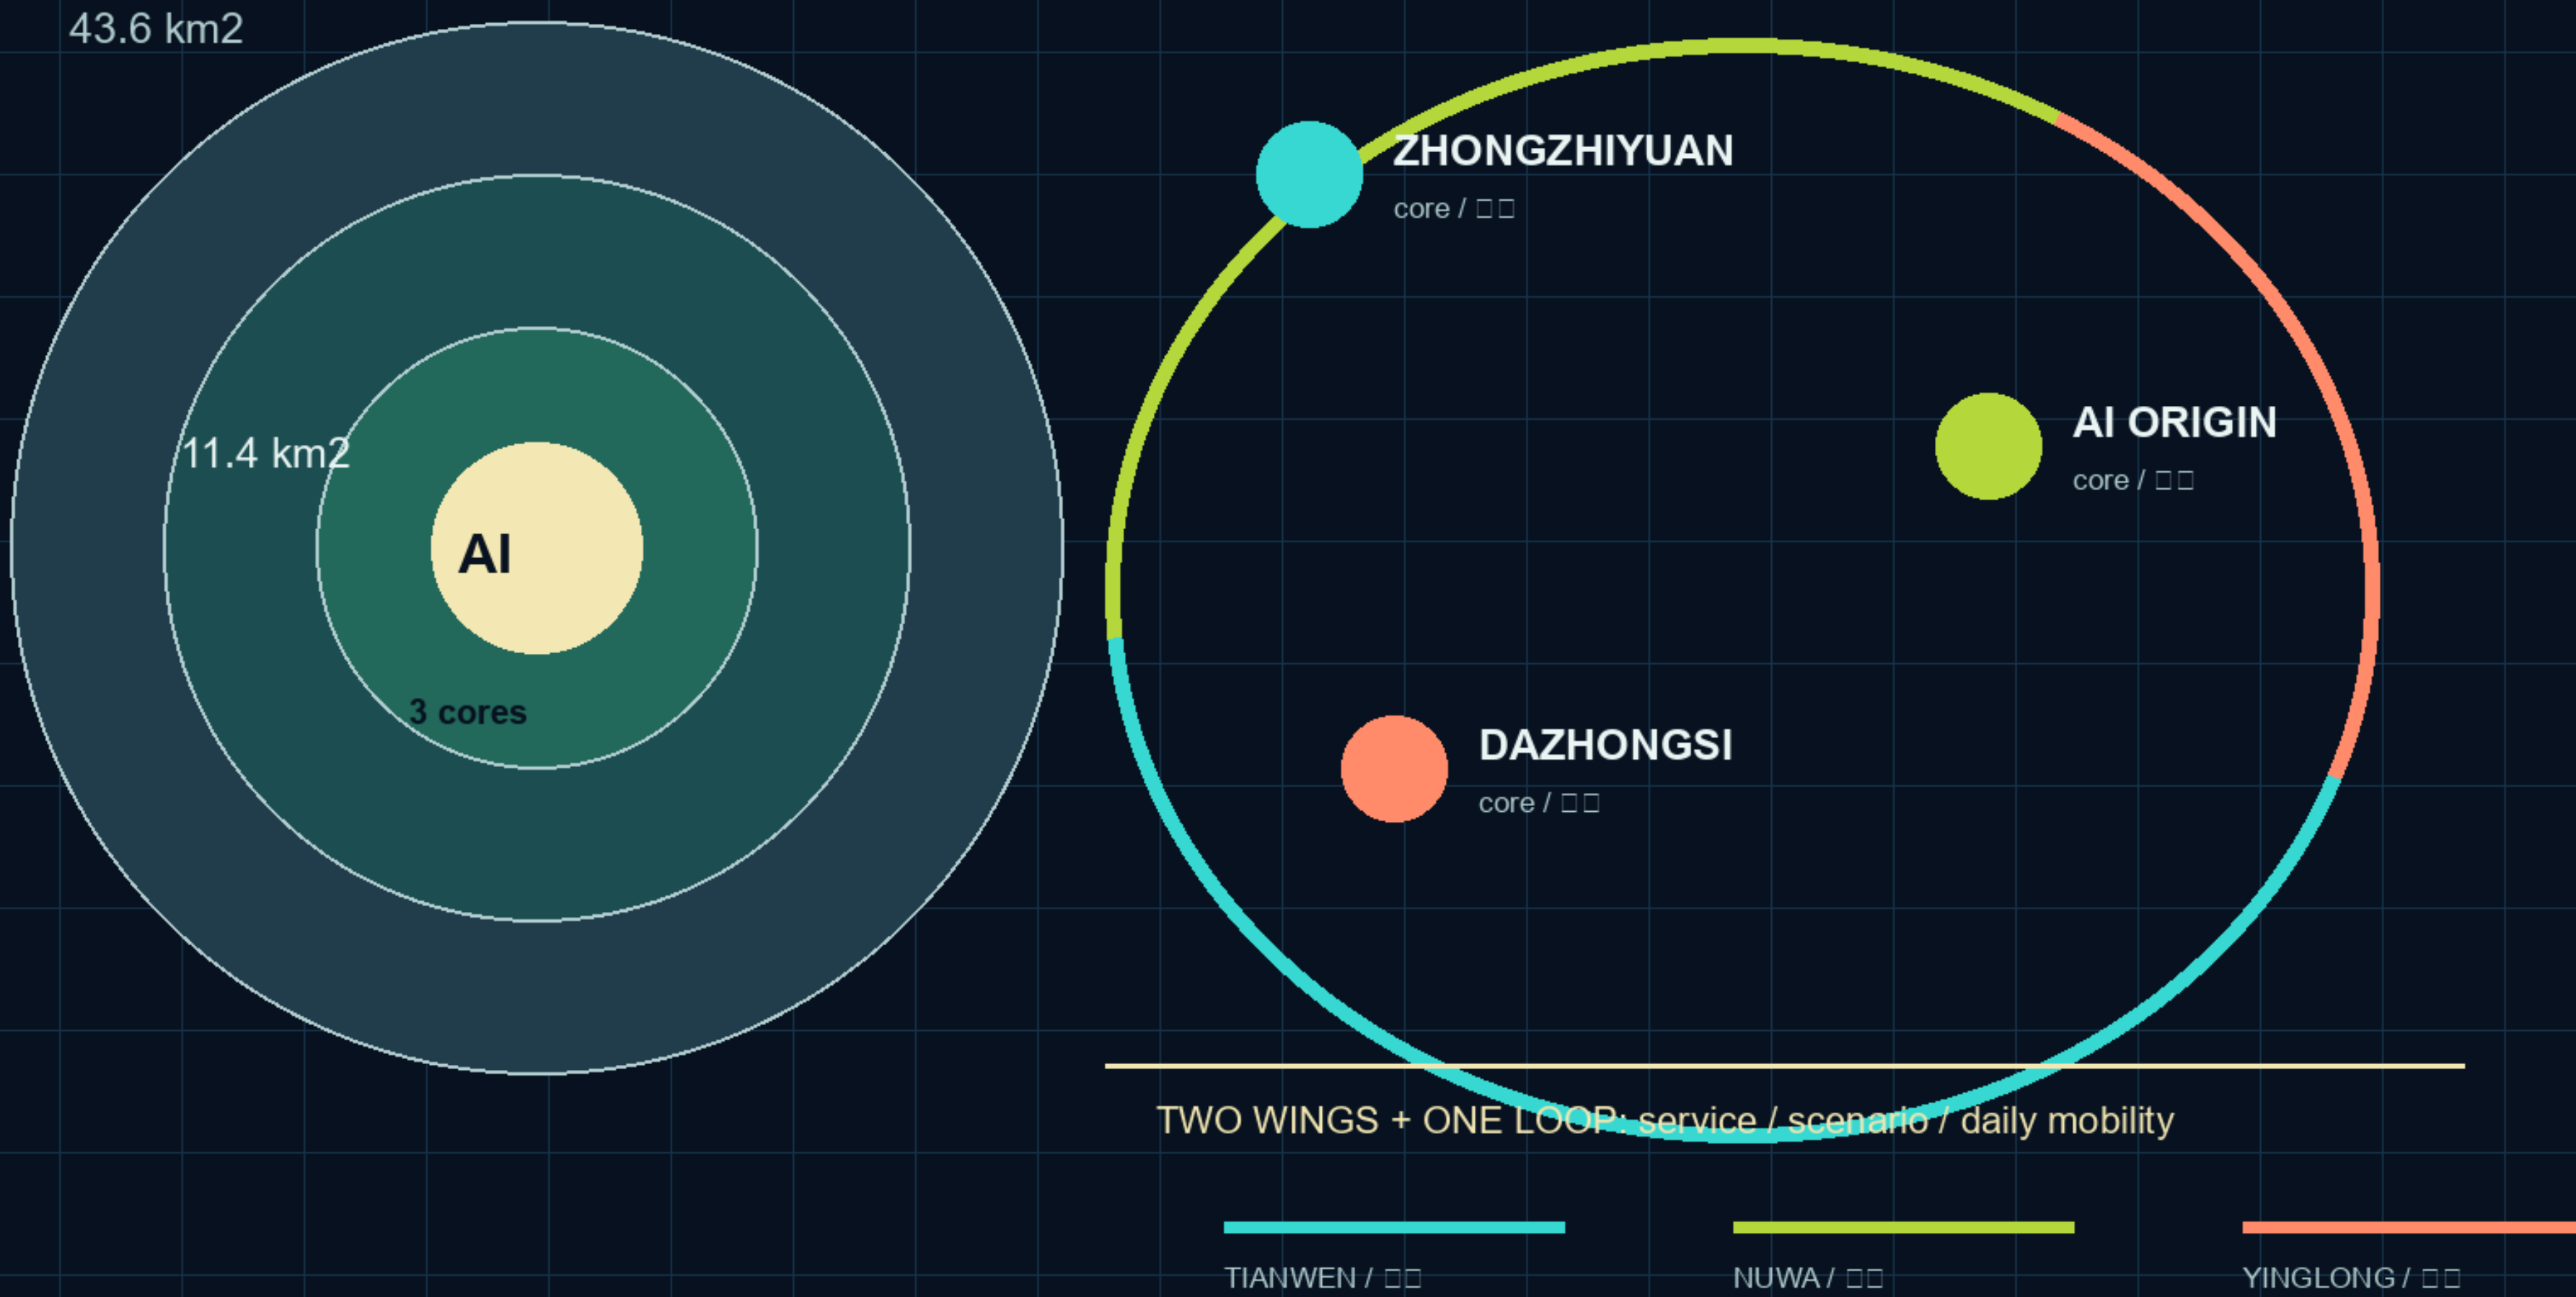

BEIJING · HAIDIAN

Conceptual street and building prototypes; not an approved boundary, control, or construction drawing.

THREE SCALES / THREE CORRIDORS / THREE CORES

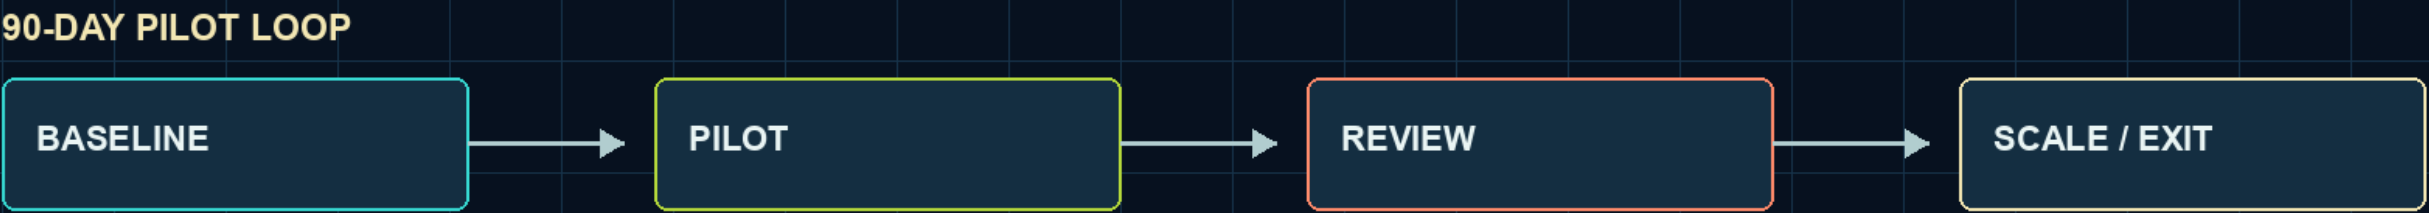

A regional innovation system translated into everyday public interfaces.

THREE KEY AREAS / DELIVERY BRIEFS

Provisional polygons are constraints for review; roles, gates and indicators make each core actionable.

EVIDENCE + DECISION GATES

Readable indicators are derived from structured files; provisional status stays explicit.

REPRODUCIBLE EVIDENCE	CORE CHECKS
1 GeoJSON geometry" geojson 2 Formula metrics.json 3 Narrative proposal.md 4 View PNG / PDF / HTML	11.41M sq m / provisional site 12.34% green ratio 3 key areas 310.8K sq m / building footprints 7.33% public-space ratio

DECISION GATES			
01 Verify source + coordinates	02 Overlay conflicts	03 Relocate programs	04 Recalculate + sign off

No official geometry = concept review only.

DELIVERY GATES

01 Verify official data

02 Run 90-day pilots

03 Human + public review

04 Scale / adjust / exit
